About the Event

The program was conducted at the Seminar hall and the program started at 9:30 am to 4:00 pm on 19th February 2024. The S8 Students of the engineering department were invited to the program and Majority of them attended the same. The main agenda of the program was to enhance the knowledge of the students in the area of attending the interview and the basic needed skills. The challenges faced in the process of recruitment, Importance of having good communication skills and technical and non technical skills were also some of the other agendas. One of the main objectives was to make students understand the probable questions in an interview and the ways to answer them. The importance of a good and attractive resume was also in the goals of the program.

Objectives of the Program

- Understand the likely questions to be asked in an interview and the tricks to answer them.
- Getting the idea of improving our professional skills while entering the corporate world.
- Awaring students on different stages and processes of a job recruitment.
- Keys to have an enriched resume and the ways to achieve them.
- Make students aware about the challenges they are going to face in a recruitment process.
- Address them on the importance of Technical and soft skills in an interview.
